### Instructions for Striped Bass Fishing Log (on reverse side)

- ▶ The form on the reverse side is provided as a fishing log to be used during the 2007-fishing season. Although this log does not have to be submitted with your catch report, DMF finds this information very useful for striped bass fishery management, and encourages you to submit it.
- ▶ If you expect to run out of space during the season, make copies or obtain a copy from our website: [www.mass.gov/marinefisheries/](http://www.mass.gov/marinefisheries/)
- ▶ Record all commercial and recreational fishing days during 2007
- ▶ For each day and area fished, record the total number of striped bass caught per length bin (inches)  
and category (sold, released or consumed)
- ▶ List only one area per line (i.e. if you fished 2 areas in the same day, list the fish caught in each of those areas on separate lines)
